# AQUA PEEL 2.0

- Provides cleansing, exfoliation, extraction, hydration, and antioxidant at a time
- No surgery, no injection, no downtime and no discomfort
- Skin resurfacing and rejuvenation
- Visibly reduces wrinkles, pigmentation, acne, and much more
- Instantly improves congested pores and uneven skin

Vortex suction

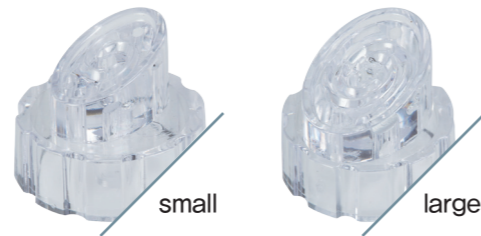

Exfoliation and Extraction

Infusing

Aqua Peel 2.0 softens, exfoliates, extracts and hydrates skin with solution infusing through the center hole of vortex shaped tip and using vacuum to discharge waste through dual suction hole simultaneously

## Process

- STEP 01** **Cleansing & Exfoliation**  
 Dead skin cells are removed to give a skin fresh and young
- STEP 02** **Extraction**  
 Vortex suction extracts wastes of pores softened by solutions
- STEP 03** **Hydration & Nutrition**  
 Supply hydration and nutrients into cleansed skin

## Features

- Improved Design & Durability
- Advanced technology from earlier version
- Precise & Easy interface with new type control panel

## Function
